Central Automation

Hazira Plant, Surat, Gujarat

QUOTATION

No. QTN-20261027-01
Date: 27 Oct 2026
Valid until: 26 Nov 2026

Subject: CATS: Central Automation Ticketing System

One-time price

S.No	Description	Benchmark	Central Automation	Saving
1	Software development: CATS Analysis, design, development, testing, deployment and handover. Effort: 240 person-days over 240 working days.	₹1,02,96,000	₹46,02,000	₹56,94,000
2	Servers and storage 8 cores, 32 GB RAM, 2 TB SATA / SAS SSD (RAID 5). Production only.	₹2,99,400	₹2,49,500	₹49,900
3	Database licence SQL Server Standard, 8 cores	₹7,54,400	₹6,56,000	₹98,400
4	Operating system licences Windows Server: 1 server × 1 environment	₹74,750	₹65,000	₹9,750
5	Third-party UI / report components	₹60,000	₹50,000	₹10,000
6	VAPT security audit	₹2,25,000	₹1,50,000	₹75,000
7	User training	₹75,000	₹50,000	₹25,000
	Subtotal	₹1,17,84,550	₹58,22,500	₹59,62,050
	Total one-time price	**₹1,17,84,550**	**₹58,22,500**	**₹59,62,050**

Benchmark: Rupees One Crore Seventeen Lakh Eighty Four Thousand Five Hundred Fifty only.
Central Automation: Rupees Fifty Eight Lakh Twenty Two Thousand Five Hundred only.
Saving: Rupees Fifty Nine Lakh Sixty Two Thousand Fifty only.

Yearly running cost

Item	Benchmark	Central Automation	Saving
Hardware support and running cost	₹44,910	₹24,950	₹19,960
Backup, SSL, monitoring and other yearly services	₹25,000	₹25,000	₹0
Licence support and renewals	₹1,98,200	₹1,72,000	₹26,200
Annual maintenance contract (AMC) 15% (CA), 20% (benchmark) of development cost	₹20,59,200	₹6,90,300	₹13,68,900
Yearly deployment 5 days per year	₹50,000	₹30,000	₹20,000
Change requests 10 days per year	₹1,60,000	₹95,000	₹65,000

Item	Benchmark	Central Automation	Saving
Total per year	**₹25,37,310**	**₹10,37,250**	**₹15,00,060**

AMC starts after 3 months of free warranty. Yearly charges increase by 5% each year. Indicative running cost for 3 years: benchmark ₹74,84,070, Central Automation ₹30,97,356.

Value creation

Benefit	Per year	One-time
Man-hours saved Manual ticket, inventory, AMC and audit paperwork removed. 3,000 hours × ₹500	₹15,00,000	
Downtime avoided Faster incident handling, tested backups and DR drills. 10 hours × ₹50,000	₹5,00,000	
Safety and compliance risk avoided Audit findings and compliance penalties avoided. 5,00,000 INR × ₹1	₹5,00,000	
Total value created	**₹25,00,000**	**₹0**

Value over 3 years: ₹75,00,000.

Technical specification

CPU	8 cores	RAM	32 GB
Storage	2 TB SATA / SAS SSD	Redundancy	RAID 5
GPU	None	Hosting	On-premise
Environments	Production only	Named users	500
Delivery model	Yearly support and deployment		

Terms and conditions

1. Benchmark is the price a software development company would charge. Central Automation is the cost to develop and deploy in-house. Saving = benchmark less Central Automation.
2. Delivery: 240 working days from requirement sign-off.
3. Yearly model: yearly support, change requests and deployment continue after go-live.
4. This quotation is valid until 26 Nov 2026.
5. Prices are exclusive of applicable taxes.
6. Prices are in Indian Rupees.
7. Payment: 40% on order, 40% on UAT completion, 20% on go-live.
8. Warranty covers defect fixes only. Enhancements are billed as change requests.
9. Hardware and licence prices hold until order confirmation.
10. Timeline starts after requirement sign-off.
